**DEVELOPMENT OF THE STATE LEGISLATIVE AGENDA**

We are requesting your review and update of the State Legislative Agenda. The Agenda is a critical policy document and the basis for the development and advocacy of legislative positions that enhance, protect and provide flexibility for County programs, services, and resources.

Although the FY 2008-09 State Budget has not yet been enacted and final actions remain to be taken on several sponsored and advocacy bills, we are now requesting your assistance to ensure Board consideration of the State legislative package by October 2008. This will allow our legislative staff and Sacramento advocates the opportunity to seek sponsorship of County legislation, develop language for planned legislation in collaboration with your departments, and perform other tasks in a timely manner when the Legislature convenes in December 2008. In addition, early adoption of the Agendas will allow timely participation in the legislative policy development processes for the County's major mutual interest associations such as the California State Association of Counties and the Urban Counties Caucus.

Given the severity of the State's current budget crisis, we will continue to focus our legislative efforts in Sacramento on preservation of funding for critical services. We are requesting that departments work closely with this office to review the current 2007-08 State Legislative Agenda (Attachment I), assess your departmental needs, and make appropriate revisions to the policies and positions that affect your department. We encourage you to work with other departments and this office if the policy or position affects multiple departments. In addition, we ask you to identify possible legislative

initiatives, including those benefiting your department which may be under discussion by your mutual interest associations. Attachment II provides a summary of County-sponsored legislation for the current year.

Consistent with prior practice, we will begin contacting your legislative coordinators to discuss potential legislative proposals for sponsorship in the coming weeks. Given the State's fiscal condition, we ask that you reserve County-sponsorship initiatives for your highest legislative priorities. Specifically, each new or revised legislative proposal should be accompanied by: 1) a one-page fact sheet which includes a description of the issue, an explanation of existing law and the fiscal, programmatic and service impact to the County and Statewide, if known, and the organizations likely to support or oppose the proposal and the reasons for their positions; and 2) County Counsel approved bill language.

To ensure sufficient time to discuss your recommendations with our office and allow review by Board Offices well in advance of Board consideration, **we are requesting that your responses be submitted to Gerri Kariya no later than Wednesday, September 10, 2008.** If your department has no proposed additions or changes, please advise Ms. Kariya via e-mail at [gkariya@ceo.lacounty.gov](mailto:gkariya@ceo.lacounty.gov) by the **September 10, 2008 deadline.**

CEO legislative analysts will be in contact with your offices to follow-up on this request. If you have any questions, please contact me or your staff may contact Gerri Kariya at (213) 974-1100 or via e-mail at [gkariya@ceo.lacounty.gov](mailto:gkariya@ceo.lacounty.gov) or the CEO legislative analyst assigned to your department (see Attachment III).

We very much appreciate your efforts and cooperation in this regard.

The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

**STATE LEGISLATIVE AGENDA FOR THE SECOND YEAR OF THE 2007-08 SESSION  
(ALL DISTRICTS AFFECTED) (3 VOTES)**

The following recommendations represent the updated policies and proposals for the second year of the 2007-08 State Legislative Session developed in coordination with Board Offices, County departments, the Legislative Strategist, and our Sacramento advocates. This package, together with other positions previously adopted by your Board, will guide our State advocacy efforts.

**THEREFORE, IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve the attached additions, deletions, and changes to existing Board-adopted legislative positions. In general these changes seek to minimize the adverse impact of State actions on the County, achieve greater flexibility over the use of State funds, secure State assistance whenever possible, especially from non-General Fund sources, and promote the growth of the State and local economy.
2. Instruct the Chief Executive Officer, affected departments, the Legislative Strategist, and our Sacramento advocates to work with the County delegation, other counties and local governments, and interest groups to pursue these positions.

## **ECONOMIC AND FISCAL OUTLOOK**

As the Governor prepares his FY 2008-09 Proposed Budget, recent newspaper accounts indicate that he has instructed State agencies and departments to prepare budget reductions of 10 percent in anticipation of a potential \$10 billion deficit. The key economic factors behind the revenue slowdown are sharply declining real estate markets and to a somewhat lesser degree, high energy and gasoline prices. In addition, according to the Legislative Analyst's Office (LAO) and other agencies, the State may be facing some unforeseen current year expenditures that will draw down the \$4.1 billion reserve created by the 2007 Budget Act. Such a draw down would reduce the State's ability to cover future operating deficits. In fact, the LAO indicates that the FY 2007-08 budget situation has deteriorated by almost \$6.0 billion, which, absent corrective action, would leave the State with a \$1.9 billion deficit at the end of the current fiscal year. Other budget pressures include: 1) litigation overturning the shift of mass transit funds to the General Fund (\$1.3 billion); 2) sale of the student loan agency, EdFund (\$490 million to \$980 million); 3) Proposition 98 guarantee calculation and repayment of previous loans (\$427 million to \$838 million); and 4) a litigation settlement with the California State Teachers' Retirement Fund (\$500 million). Within this environment, the State may have to consider reductions in all program areas of the budget in order to develop a balanced budget.

Given the State's unhealthy economic outlook, the County will continue to focus generally on the restoration and preservation of State funding, working primarily through the budget process. While the current budget outlook will make it very difficult to obtain additional funding, the County will seek to restore funding for a number of programs and secure additional funding for programs where service needs have outpaced stagnant or slow growing revenues.

## **RECOMMENDED CHANGES TO THE COUNTY'S STATE LEGISLATIVE AGENDA**

The changes in the Attachment represent requests from County departments and commissions to add or modify policy statements consistent with their operational goals and plans. New policy statements represent emerging programs and issues for which we are seeking your Board's concurrence to guide future activities. Modifications to policy statements are requested for various items including adding new programmatic categories such as Recycling and Waste Reduction, further clarification of policy intent in certain areas of public health and consumer protection affecting banned products sold in flea markets and the alcoholic content of certain products, and deletion of policies that are no longer applicable because County supported legislation was enacted as in the case of reimbursement of the cost of special elections. All other previously adopted State Legislative Agenda policies and positions remain in effect; and as such, advocacy will continue on these matters. A revised comprehensive list of all State Legislative Agenda

Each Supervisor

policy statements will be published subsequent to consideration of the changes included in the Attachment.

Legislation for which the County will seek sponsorship and summaries of budget and legislative initiatives, consistent with existing Board policy, which our Sacramento advocates will continue to pursue as part of the second year of the 2007-08 State Legislative Session were provided in our Sacramento Update of December 5, 2007.

### **IMPLEMENTATION OF STRATEGIC PLAN GOALS**

The proposed policies and proposals in the State Legislative Agenda are consistent with the County's Strategic Plan Goals of Organizational Effectiveness and Fiscal Responsibility. Organizational Effectiveness is achieved by providing timely advocacy on proposals that could significantly affect the County. Fiscal Responsibility results from efforts by the CEO, Sacramento advocates, and County departments pursuing new funding sources and opposing cuts in program funding or new unfunded mandates on county government.

### **CONCLUSION**

The recommended general policies and updated proposals in the Attachment are submitted for your Board's consideration as the guiding principles for our advocacy efforts during the second year of the 2007-08 State Legislative Session. The policies and proposals contained in this package are in addition to, and are not intended to be exclusive of, other positions your Board may adopt. As in the past, the State Legislative Agenda will be updated to reflect subsequent Board actions.

Respectfully submitted,

WILLIAM T FUJIOKA  
Chief Executive Officer

## **General State Legislative Principles**

The County will seek: to maximize State revenues; full funding for the costs of State programs; additional funding for programs where service needs have outpaced stagnant or slow growing revenues; funding formulae which ensure an equitable allocation of State funding; minimize the adverse impact of State actions; achieve greater flexibility over the use of State funds, secure State assistance whenever possible, especially from non-General Fund sources, preserve the County's property tax, sales tax, locally-imposed taxes or fees, or Vehicle License Fee revenue base; oppose: the shift of programs unless control is also shifted and State funding is guaranteed; and new unfunded mandates unless they promote a higher priority; and

1. Oppose any legislation or regulation that would transfer to Los Angeles County or its residents any costs or revenue losses incurred by another jurisdiction.
2. Support or sponsor a constitutional amendment to reallocate to local school districts the property tax revenue derived from State-assessed properties in exchange for reallocation of non-ERAF property tax revenues derived from the local roll.
3. Support proposals to restructure State and local service responsibilities if they: create a nexus between authority, responsibility, accountability, and revenues; promote program effectiveness and cost containment; and recognize the limited fiscal capacity of counties by transferring sufficient revenue in the first and subsequent years.
4. Oppose legislation to change the definition of revenue neutrality in special cases, unless other entities are protected from unintended legal precedents by language narrowly justifying the need for special legislation.
5. Support a constitutional amendment to provide that the State budget and related bills can be approved by a majority vote.
6. Oppose legislation that would constitute State unfunded land use and general plan-related mandates on local governments.

### **1. Children and Families**

#### **1.1 Child Welfare Services**

1. Support increased funding for family preservation programs.
2. Support legislation to maintain the full Child Welfare Services allocation independent of actual caseload for up to five years to cover the increased costs of implementing new programs to improve outcomes for children by allowing them to remain safely at home, shorten their length of stay in care and reduce re-abuse.

3. Support proposals to ensure full funding for the Child Welfare Services program, including increased funding to cover all mandated services, pursuant to the SB 2030 Workload Study and the fully loaded costs of a social worker.
4. Oppose proposals that would reduce protections for child welfare workers in the legitimate exercise of their discretion in the performance of their duties, thereby increasing liability to the County.
5. Oppose unfunded mandates that do not enhance child safety or expedited permanence.
6. Support proposals to enhance adoptions by increasing funding for adoption activities and post-adoption services, and expanding to out-of-state private adoption agencies the payments currently authorized to California private adoption agencies for the unreimbursed costs of placing children for adoption.
7. Support funding of forensic medical examinations in child abuse cases.
8. Support funding for parenting programs aimed at teens and child care services for teen parents.
9. Support legislation that increases funding for the use of family group conferencing and team decision-making to develop an individualized plan for the care of each child.
10. Support legislation to clarify that agencies providing services to a family may share case information.
11. Support legislation to streamline Dependency Court procedures while ensuring the safety and best interests of children.
12. Support proposals that simplify the Welfare and Institutions Code statutes regarding notice of dependency hearings.
13. Support proposals that enhance collaboration between child welfare and law enforcement agencies.
14. Support proposals to clarify and provide for social workers' access to dependent children's medical, counseling, and education records.
15. Support proposals to fund Child Welfare Services outcome improvements included in the County's Self-Improvement Plan (SIP), including Point of Engagement, the State's AB 636 Outcomes and Accountability System and the Federal Children and Family Services Review (CFSR).

3. Support State reimbursement for the placement of dependent children who are eligible for regional center services, in for-profit group homes, when an appropriate not-for-profit facility is unavailable.
4. Support proposals that would allow counties to secure increased Federal funds for foster care and other services provided to abused and neglected children at no increased net cost to the State General Fund.
5. Support legislation and funding to allow the California Department of Social Services Community Care Licensing Division and local government to make unannounced visits to Foster Family Agency (FFA) certified homes.
6. Support efforts which enhance legal permanency for children in foster care by promoting kinship adoption, enhancing KinGAP and supporting subsidized legal guardianship without requiring the full array of ongoing court and Child Welfare Services.
7. Support legislation and funding to facilitate successful emancipation, promote self-sufficiency and improve opportunities for youth aging out of foster care.
8. Support proposals which allow the sharing of information concerning family homes certified by foster family agencies to prevent the licensure, approval and/or re-certification of previously de-certified homes.
9. Support proposals to simplify foster care program eligibility requirements.

12. Support proposals that provide and fund substance abuse treatment services for children and parents in the Child Welfare Services system.

services on all children if the parent has failed to participate regularly and make substantive progress in the case plan.

14. Support proposals which allow flexibility in the use of funds to provide services to families and caregivers to strengthen their parenting abilities and prevent the need for placement, shorten the length of stay and reduce re-abuse.
15. Support funding for proposals that would expand searches for relatives, provide technical assistance and training so that permanent, lifelong connections for children and youth of all ages can be achieved.
16. Support proposals that achieve permanency for previously adopted children who have returned to the foster care system as a result of an adoption disruption or the death or incapacitation of an adoptive parent.

### 1.3 Child Care and Child Development

1. Support efforts to develop and implement a master plan for quality early care and education that sets high standards for all such services, and addresses the needs of all children, from birth through age 12, including those with special needs up to age 18 and children from diverse cultural and linguistic backgrounds. Such efforts should also encompass 4 goals for the development and sustainability of a professional workforce and early learning standards that build upon established foundations for early childhood education research and practice, and establish alignment among regulatory systems that are consistent with quality standards, teacher qualification, and licensing, which support local initiatives to enhance child development programs.
2. 6. Support efforts to ensure that California Work, Opportunity, and Responsibility to Kids (CalWORKs) clients have access to consistent, uninterrupted early care and education services, including Stage 3 Child Care, in order to comply with their work requirements. 8. Support proposals designed to enhance program integrity and prevent and detect fraud in State-subsidized child care programs, while ensuring access to eligible families.
9. Support proposals that improve child care quality by promoting annual cost-of-living adjustments to child care development programs, adjust the State Median Income limits annually for subsidized child care, adjust the Regional Market Rate ceilings annually to more accurately reflect current market conditions, link reimbursement rates for subsidized child care to the quality of care, and provide funding to maintain centralized eligibility lists.
